## Safety Recall: Incorrect Installation of the Takata Front Passenger's Airbag Inflator

Supersedes 17-076, dated September 2, 2017, to revise the information highlighted in **yellow**

### AFFECTED VEHICLES

Year	Model	Trim	VIN Range
2008–12	Accord	ALL	Check the iN VIN status for eligibility
2010–12	Accord Crosstour	ALL	Check the iN VIN status for eligibility
2006–11	Civic	ALL	Check the iN VIN status for eligibility
2006–11	Civic CNG	ALL	Check the iN VIN status for eligibility
2006–11	Civic Hybrid	ALL	Check the iN VIN status for eligibility
2007–11	CR-V	ALL	Check the iN VIN status for eligibility
2009–12	Fit	ALL	Check the iN VIN status for eligibility
2010–12	Insight	ALL	Check the iN VIN status for eligibility
2009–12	Pilot	ALL	Check the iN VIN status for eligibility

### REVISION SUMMARY

Information was added to PARTS INFORMATION and WARRANTY CLAIM INFORMATION for the 2012 Fit.

### BACKGROUND

A single dealer incorrectly installed inflators under Service Bulletins 16-048, *Safety Recall: Takata Front Passenger's Airbag Inflator (Phase 1)* and 17-002, *Safety Recall: Takata Front Passenger's Airbag Inflator (Phase 2)*. The incorrect installation of the inflators may have damaged the airbag inflator assembly. Additionally, the airbag may not deploy as designed. **Make sure to replace the front passenger's airbag module (assembly). Do not replace only the inflator.**

### CUSTOMER NOTIFICATION

Owners of affected vehicles will be sent a notification of this campaign.

Do an iN VIN status inquiry to make sure the vehicle is shown as eligible.

Some vehicles affected by this campaign may be in your new or used vehicle inventory. These vehicles must be repaired before they are sold.

Failure to repair a vehicle subject to a recall or campaign may subject your dealership to claims or lawsuits from the customer or anyone else harmed as a result of such failure. To see if a vehicle in inventory is affected by this safety recall, do a VIN status inquiry before selling it.

### CORRECTIVE ACTION

Replace the front passenger's airbag module (assembly). **Do not replace only the inflator.**

Write the serial number and part number from the side of the new replacement front passenger's airbag module box on the repair order.

Properly fill out and attach a warranty claim tag on the removed front passenger's airbag module for warranty call in of the removed front passenger's airbag module.

**CUSTOMER INFORMATION:** The information in this bulletin is intended for use only by skilled technicians who have the proper tools, equipment, and training to correctly and safely maintain your vehicle. These procedures should not be attempted by "do-it-yourselfers," and you should not assume this bulletin applies to your vehicle, or that your vehicle has the condition described. To determine whether this information applies, contact an authorized Honda automobile dealer.

## PARTS INFORMATION

Part Name	Part Number	Quantity
2008–10 Accord 4-Door Front Passenger's Airbag Module (BLACK)	77820-TA0-A20ZA	1
2008–10 Accord 4-Door Front Passenger's Airbag Module (GRAY)	77820-TA0-A21ZB	1
2008–10 Accord 4-Door Front Passenger's Airbag Module (IVORY/TAUPE)	77820-TA0-A21ZC	1
2011 Accord 4-Door Front Passenger's Airbag Module	77820-TA0-A20ZA or 77820-TP6-A41ZA <b>Refer to Parts catalog to determine correct application using the vehicle's VIN in the parts catalog.</b>	1
2012 Accord 4-Door Front Passenger's Airbag Module	77820-TP6-A41ZA	1
2008-10 Accord 2-door Front Passenger's Airbag Module	77820-TA0-A20ZA	1
2011 Accord 2-Door V-6 6 speed M/T ONLY Front Passenger's Airbag Module	77820-TA0-A20ZA	1

### NOTE:

- The front passenger's airbag module box will be used to return the recalled module. Be careful not to damage the front passenger's airbag module box.
- Parts staff can scan the part number and serial number from the outside of the box into the warranty claim by using the Controlled Part Serial No. screen and scanning the applicable information.

## WARRANTY CLAIM INFORMATION

### NOTE:

- Process claims as quickly as possible so that resources can be properly allocated.
- To avoid non-payment of warranty claims, the serial number on the box of the new airbag module must be entered into the serial number field of the warranty claim.
- To avoid a warranty claim being charged back to your dealership, follow the normal warranty part retention rules. American Honda will call in the original airbag module.
- The serial number is encoded into the bar code printed on the label attached to the outside of the box. If your dealership uses a scanner, you can scan the serial number from either place into the claim.
- The part number is encoded into a barcode attached to the outside of the box. If your dealership uses a scanner, you can scan the part number into the claim.
- **If you confuse the serial number and part number when entering the claim information**, your claim will be automatically rejected.
- Dealers are required to submit a warranty claim using a template ID to help administer this campaign.

Replace the front passenger's airbag module.

Year and Model	Replacement P/N	Flat Rate Time	Template ID

Skill Level: Repair Technician

## REPAIR PROCEDURE

### NOTE:

- **If the VIN status inquiry indicates that the vehicle is subject to any open safety recalls, including a driver's airbag inflator campaign/recall, make sure to also complete those recall repairs before returning the vehicle to the customer. If you are unable to complete any open recall, advise the customer of the recall status and when the recall could be completed.**
  - Make sure you have the anti-theft code for the audio and navigation system (if applicable), then write down the frequencies for the audio unit's preset buttons.
  - Make sure you have reviewed the SRS Precautions and Procedures in the service information before doing the repair.
1. Turn the ignition to ON, and check if the SRS indicator comes on for about 6 seconds, then turns off.
    - If the indicator comes on, then turns off after about 6 seconds, go to step 2.
    - If the indicator does not come on, or if it stays on, contact your DPSM for assistance.
  2. Disconnect the battery negative cable, and wait at least 3 minutes before continuing.
  3. Remove the front passenger's airbag module (assembly). Refer to the applicable model's service information **Front Passenger's Airbag Replacement**.
  4. Write the serial number and part number from the side of the new replacement front passenger's airbag module box on the RO. For the warranty claim to be paid, the **new front replacement passenger's airbag module part number and serial number** must be included in the warranty claim.

5. Install the new passenger's airbag module (assembly). Refer to the applicable model's service information **Front Passenger's Airbag Replacement**.  
NOTE: Make sure you use all the must replace hardware included with the airbag module and tighten all bolts to the proper torque specifications.
6. Reconnect the battery negative cable.
7. Turn the ignition to ON, and make sure the SRS indicator comes on for about 6 seconds, then goes off. If the indicator does not come on or comes on and stays on, follow normal troubleshooting.
8. Set the clock (for vehicles without navigation), and enter the anti-theft code for the audio and navigation system (if applicable).
9. Put the original front passenger's airbag module into the box the new one came in.
10. Properly fill out and attach a warranty claim tag to the original front passenger's airbag module. The original airbag module will be called in by warranty.
11. Give your warranty clerk the RO that includes the replacement front passenger's airbag module serial number and replacement part number. For the warranty claim to be paid, the **new front replacement passenger's airbag module part number and serial number** must be included in the warranty claim.

END
