IMPORTANT SAFETY RECALL
SECOND NOTICE
NHTSA Recall 17V-324

MARCH 2018

This notice applies to your vehicle, [REDACTED]

Dear Customer,

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Your vehicle [REDACTED] 2008 model year GMC, NPRGAS is involved in safety recall 17V-324 (Transport Canada 2017-265).

WHAT IS THE CONDITION?

Isuzu Motors Limited has decided that a defect, which relates to motor vehicle safety, exists in 2008-2009MY and 2012-2013MY Isuzu N-Series and 2008-2009MY Chevrolet/GMC W-Series vehicles equipped with 6.0L gasoline engines. In the affected vehicles, the accelerator pedal assembly contains a steel stopper plate that is intended to stop the depression of the pedal when the plate contacts the stopper bolt that is fixed to a bracket on the floor panel. As a result of unintended lateral play, the stopper plate can be forced under the outer ridge of the stopper bolt, causing the accelerator pedal to remain in the open position. An open throttle can increase the risk of a crash.

Our records show that although your vehicle [REDACTED] 2008 model year GMC, NPRGAS is subject to an important safety recall, the necessary repairs have not been made. Therefore, we are sending a second notification of this important recall. Please follow the instructions below to address this important matter.

WHAT WE WILL DO

To correct this condition, your Isuzu dealer will remove the stopper bolt and install a Stopper Bracket Assembly at **no charge**.

WHAT YOU SHOULD DO

We recommend that you contact your Isuzu dealer to schedule an appointment, although not necessary, please present this Owner Notification Letter at the time of your appointment or refer to Campaign Service Bulletin CB17-J-001.

Federal law requires that any vehicle lessor receiving this campaign notice must forward a copy of this notice to the lessee within ten days. Lessor means a person or entity that is the owner, as reflected on the vehicle title, of any five or more leased vehicles.
