This notice applies to your vehicle: «VIN»

Dear «OWNER_NAME»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2016-2018 Avalanche Fifth Wheels. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

Reason for this recall

It has been decided that the vehicles in this recall population may have an adjustment bolt for the kitchen slide that can come into contact with the tire. If the bolt comes into contact with the tire during travel, there is an increased risk of a tire blow out leading to the possibility of property damage and poor vehicle handling.

What we will do

Keystone representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is to inspect the clearance between tire and the kitchen slide adjustment bolt. If there is not enough clearance the existing bolt should be replaced with a 3" bolt. The service and parts required for this corrective action will be provided at no charge to you.

What we need you to do

As soon as possible, please make an appointment to have your RV serviced by your dealership. The labor time to perform this correction is approximately a 1/2 hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair.

If you have questions

Your dealer is best equipped to obtain parts and provide service to ensure your RV is corrected as promptly as possible. Please contact Keystone Customer service if your dealer is unable to assist or if you take your RV to your dealer on the agreed service date, and the dealer does not remedy the condition within a reasonable amount of time, or without charge to you. You may be eligible to receive reimbursement if you paid to have the defect resolved prior to receiving this correspondence. Keystone Customer Service is available toll-free at 1-866-425-4369.
