This notice applies to your vehicle: «VIN»

Dear «Owner_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2018 Crossroads Cruiser Fifth Wheels, 2017-2018 Sunset and Zinger Travel Trailers, and 2017-2018 Volante Fifth Wheels and Travel Trailers. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for
this recall***

It has been decided the vehicles in this recall population that were equipped with an exterior Flame King Cook Top may have a corrugated fiberboard protector for the propane regulator and may be susceptible to fire if the burner flame inverts because of a breeze or an oversized pan is used. If the fiberboard regulator cover catches fire, there is an increased risk personal injury and property damage.

***What we
will do***

Keystone representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is to inspect the corrugated fiber board protector and the burner top for possible damage. If no damage is present the existing fiber board regulator cover is to be replaced with a metal cover. If there is damage to the corrugated fiber board protector the cook top will be replaced. The service and parts required for this corrective action will be provided at no charge to you.

***What we

do***
