Second Notice - May 2018

Dear Valued Holiday Rambler Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

REV Recreation Group, Inc., has decided that a safety defect relating to motor vehicle safety exists in certain model year 2017-2018 Holiday Rambler Vesta Class C motorhomes manufactured in Elkhart, Indiana between June 6, 2016 and September 22, 2017.

WHAT IS THE PROBLEM?

On motorhomes affected by this recall, the hydraulic lines for the leveling system were not properly secured, potentially allowing them to come into contact with the axle or chassis drive train components.

A damaged hydraulic line may leak or spray fluid, increasing the risk of a fire, crash and/or personal injury.
