

Something **dangerous** is hiding in your airbag.

Replace your airbag now before it's too late.

***** URGENT AIRBAG SAFETY RECALL *****
DO NOT DRIVE YOUR VEHICLE!

The defect in your airbag is not obvious, but it is **dangerous**. Even in a minor crash, the airbag can violently explode, shooting sharp metal fragments that result in **serious injury or death**.

Due to this increase in risk, Ford has issued a **DO NOT DRIVE** advisory on your vehicle.

We urge you to schedule this **FREE** recall repair as soon as possible.

Please contact your local Ford or Lincoln dealer immediately to schedule an appointment. If you have questions or concerns, contact our Airbag Recall Team at 888-441-1077. You may also visit fordairbagsurvey.com.

A loaner vehicle or other alternative transportation may be provided **FOR FREE** while your vehicle is being repaired.
