

IMPORTANT SAFETY RECALL

This notice applies to your vehicle, **SALMF15488A275146**

March 02, 2017

Safety Recall P082: Takata Passenger Airbags

Vehicle Affected: Range Rover
Model Year: 2007-2008

Transport Canada Recall Number: 2017-015

Dear Owner:

This notice is sent to you in accordance with the requirements of the Canada Motor Vehicle Safety Act. Land Rover has determined that a defect which relates to motor vehicle safety exists in certain 2007-2008 model year Range Rover vehicles.

Your vehicle is included in this Safety Recall.

What is the concern?

Long-term exposure to high absolute humidity and temperature, combined with high temperature cycling, could eventually degrade the propellant contained in the front passenger airbag module.

Propellant degradation could cause the front passenger airbag to deploy with more force than normal. As a result, if the vehicle were involved in a collision that warrants front passenger airbag deployment, fragments could be propelled toward vehicle occupants, and the front passenger airbag assembly could be damaged, preventing proper function. These issues could increase the risk of injury.

Note: Canadian climate results in the propellant degrading slowly. The recall is being conducted as a precaution to address future risk, and is expected to replace front passenger airbag modules before their function would be affected.

What Jaguar Land Rover and your authorized Land Rover retailer do?

Land Rover is carrying out a Safety Recall of the certain land rover Range Rover vehicles within the model years mentioned above. **However, we currently do not have stock of the necessary components to repair your vehicle. Parts are expected to be available 30 September 2017.**

When the components become available, you will be notified by a second mailing and instructed to take your vehicle to an authorized Land Rover retailer who will replace the front passenger airbag module.

There will be no charge for this repair.

What should you do?

When you receive a follow-up notice, please contact your authorized Land Rover retailer to schedule an appointment to have Safety Recall 'P082' completed on your vehicle. In the meantime, if you have any questions or concerns, please use the contact information further below.

How long will it take?

The work will be carried out as quickly and efficiently as possible in order to minimize inconvenience to customers. It is expected to take approximately two (2) hours, although your retailer may need your vehicle for a longer time. Your retailer can provide you with a better estimate of the overall time for the service visit.

Attention Leasing Agencies: Please forward this notification to the lessee within TEN (10) days.

Moved or no longer own a Land Rover?

If you are no longer the owner of this vehicle, Land Rover would appreciate the name and address of the new owner, (if known); please fill out and return the enclosed return postage-paid card

What should you do if you have further questions?

If you have any questions regarding this Safety Recall or need assistance in locating the nearest authorized Land Rover retailer, please contact the Land Rover Customer Relationship Centre at 800-346-3493, Option 9, and one of our representatives will be happy to assist you.

You may also contact us by email using the following address: **lrc2@jaguarlandrover.com**.

If you have the need to contact Land Rover by mail, please use the following address:

Jaguar Land Rover Canada ULC
ATTN: Customer Relationship Center
75 Courtneypark Drive West, Unit 3
Mississauga, ON L5W 0E3

Land Rover appreciates your confidence in our product and wish to do everything we can retain that Confidence. We recognize this service visit may be an inconvenience to you. Land Rover, in cooperation with your authorized Land Rover retailer, will strive to minimize any inconvenience to you caused by this program.

Sincerely,

Peter Pochapsky
Customer Experience Centre Manager
