

## IMPORTANT SAFETY RECALL INFORMATION

### **Interim Notification**

March 21, 2017

This Notice Applies To Your Vehicle, Vehicle Identification Number:

Dear Maserati Customer:

This interim notification is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Maserati S.p.A. and MNA have decided that a defect that relates to motor vehicle safety exists in model year 2014 through 2017 Maserati Quattroporte and Ghibli vehicles and 2017 Levante vehicles.

Maserati S.p.A. has determined that the above described vehicles may have been manufactured with an incorrect seat wiring harness layout, which can cause the seat wiring harness to rub against metal points on the seat/seat frame assembly. Through normal seat adjustment operation, and over time, this can lead to an inoperative seat adjustment system, a potential risk of fire due to an electrical short between the seat wiring harness and the seat adjustment motor assembly.

Maserati is currently in the process of obtaining the necessary components for the recall remedy, which should be available by the 2<sup>nd</sup> or 3<sup>rd</sup> quarter of 2017. Once the remedy is available, Maserati will contact you by mail, with a recall notice advising you to contact your dealer to schedule the recall repair.
