This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Audi has decided that a defect, which relates to motor vehicle safety, exists in certain 2017 model year Audi A5 Cabriolet and Audi S5 Cabriolet vehicles. Our records show that you are the owner of a vehicle affected by this action. At this time, the recall repair is not yet available.

**Recall Description:** Affected vehicles have safety belt pretensioners manufactured by Autoliv. Due to a manufacturing defect, the micro-gas generator within the pretensioner could detach during a crash with high load/safety belt pretensioner deployment. If this happens, the micro-gas generator could enter the passenger compartment, possibly striking and injuring vehicle occupants.
