**Aviso de Revisión de Cumplimiento 17C12**

2016 F-150 Ford Truck  
Your Vehicle Identification Number (VIN):

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that your vehicle, with the VIN shown above, fails to conform to Federal Motor Vehicle Safety Standard (FMVSS) 210: Seat Belt Assembly Anchorages.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

**What is the issue?** On your vehicle, the rivet connecting the left-hand rear inflatable seatbelt buckle to the floor anchor may have an inadequate head thickness.

**What is the risk?** Inadequate rivet head thickness may result in separation of the left-hand rear inflatable seatbelt buckle from its mounting bracket during a crash, increasing the risk of injury.

**What will Ford and your dealer do?** Ford Motor Company is working closely with its suppliers to produce parts for this repair. When parts become available, Ford Motor Company will notify you via mail to schedule a service appointment with your dealer for repairs to be completed free of charge (parts and labor).

**What should you do?** When parts are available, Ford Motor Company will send a letter to inform you that parts are available and to contact your dealer to schedule a repair. If you do not already have a servicing dealer, you can access [www.Fordowner.com](http://www.Fordowner.com) for dealer addresses, maps, and driving instructions.

**Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.**

**What if you no longer own this vehicle?**

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.
