NHTSA Recall 17V-545

## **IMPORTANT SAFETY RECALL**

This notice applies to your vehicle:

Dear

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

### **WHAT IS THE REASON FOR THIS NOTICE?**

Honda has decided that a defect which relates to motor vehicle safety exists in certain 2007-2011 model year CR-V vehicles. The passenger front airbag inflator that was replaced in a previous recall may have been incorrectly installed. If your vehicle has an incorrectly installed inflator and is involved in a crash, the passenger front airbag will not deploy properly, increasing the risk of injury.

### **WHAT WILL HONDA DO?**

The remedy parts needed to repair your passenger frontal airbag will become available in January 2018. Honda will send you another letter when parts become available to repair your vehicle.

### **WHAT SHOULD YOU DO?**

**Honda suggests that you avoid having a passenger sit in the front passenger's seat until the recall repair has been performed.**

### **CHECK YOUR VEHICLE FOR OPEN RECALLS**

You can check your vehicle's eligibility for repair under this or any other recall. Please visit the ***Honda Recall Lookup*** tool at [www.recalls.honda.com](http://www.recalls.honda.com) and enter your Vehicle Identification Number (VIN).
