**RECREATIONAL VEHICLE  
SAFETY RECALL NOTICE**

Safety Recall: US: **17V-147**  
CAN: **2017-127**

Safety Advisory: 17-279  
March 14, 2017

**SAFETY ADVISORY 17-279**

«User\_Name»  
«Name», «Dealer\_»  
«EMAIL»

Dear «User\_Name»,

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2017 Cougar and 2017 Laredo Travel Trailers and Fifth Wheels. As a result, Keystone RV is conducting a safety recall.

***Reason for this recall***

It has been decided that the vehicles in the recall population were manufactured with two carbon monoxide detectors instead of one smoke detector and one carbon monoxide detector. In the event of a fire, the lack of a smoke detector leads to an increased risk of personal injury and property damage. The vehicles included in the recall are:

**2017 Cougar - HV508117- HV508128**

**2017 Laredo - HV601485 - HV601502**

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. **Important:** If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery. The unit VIN(s) our records indicate are presently in your inventory or have been sold are as follows:

«VIN1» «VIN2»

**-- Serial numbers with '\*\*' have been retail sold --**

Claims for the units which have been serviced must be submitted. Claims submitted will be used by Keystone to record recall service completions and provide dealer payments. Please log-in to Key Express for a copy of the Safety Advisory #17-279, which details how to remedy the situation and the proper reimbursement procedures.

We apologize for any inconvenience this situation may cause and greatly appreciate your cooperation. Should you have any questions or concerns regarding this correspondence, please contact:

**Team Cougar at (866) 273-1454**

**Team Alpine at (866) 273-1456**

Sincerely,

**KEYSTONE RV COMPANY**

Rick Deisler
