RECREATIONAL VEHICLE SAFETY RECALL

NOTICE

Safety Recall: US: **17V-206**
CAN: **2017-176**

Safety Advisory: 17-282

March 30, 2017

SAFETY ADVISORY 17-282

«User_Name», «Title»

«Name», «Dealer_»

«EMAIL»

Dear «User_Name»,

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2017 Cougar Fifth Wheels. As a result, Keystone RV is conducting a safety recall.

Reason for this recall

It has been decided a manual resetting 12V breaker was substituted and cannot be used in an area that contains liquid propane storage. If this condition exists it will lead to an increased risk of fire, personal injury and property damage. The vehicles included in the recall are:

2017 Cougar, Models 326RDS, 327RKL, 333MKS, 336BHS, 359MBI

Serial Number Range: H2508709 - H2508773

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. **Important:** If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery. The unit VIN(s) our records indicate are presently in your inventory or have been sold are as follows:

«VIN1»

-- Serial numbers with '*' have been retail sold --

Claims for the units which have been serviced must be submitted. Claims submitted will be used by Keystone to record recall service completions and provide dealer payments. Please log-in to Key Express for a copy of the Safety Advisory #17-282, which details how to remedy the situation and the proper reimbursement procedures.

We apologize for any inconvenience this situation may cause and greatly appreciate your cooperation. Should you have any questions or concerns regarding this correspondence, please contact:

Team Cougar at (866) 273-1454

Sincerely,

KEYSTONE RV COMPANY

Rick Deisler
