Re: NHTSA Campaign Number 17V-630 – Supplemental Safety Defect Report

Dear Administrator:

This letter is a supplement to the initial Safety Defect Report filed by Cheetah Chassis Corporation ("Cheetah Chassis") on October 5, 2017. Pursuant to Title 49 of the Code of Federal Regulations, Part 573, Sec. 573.6, please be advised as follows:

1. Supplemental chronology of events:
 - (a) On October 31, 2017, Cheetah Chassis identified 22 additional trailers for inclusion in the recall population. The attached spreadsheet sets forth the make, model, model years, vehicle identification numbers and manufacture dates of the 22 additional vehicles. Fifteen (15) of the 22 trailers were erroneously included in the population of a concurrent recall filed with Transport Canada for the identical defect (Transport Canada Campaign Number 2017-480). A corrective notice to Transport Canada is being filed simultaneously herewith.

Please contact me at 215-949-4768 if you have any questions or comments.

Very truly yours,
