Dear Mr. Sniegocki:

This letter serves to acknowledge Truck-Lite Company, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. **Makes/Models/Model Years:**

INTERNATIONAL/LT/2016-2019  
TRUCK-LITE/HALOGEN HEADLAMP/9999

**Mfr's Report Date:** October 5, 2018

**NHTSA Campaign Number:** 18E-094

**Components:**

EXTERIOR LIGHTING:HEADLIGHTS

**Potential Number of Units Affected:** 27,026

**Problem Description:**

Truck-Lite Company, LLC (Truck-Lite) is recalling certain right-hand incandescent halogen headlights, part numbers Truck-Lite 27628C, 27628C7, Navistar 4049970C91, 4049970C92, 4049970C93, and 4049970C94, for installation on Navistar International LT-series trucks. The headlights may have incorrect "VOL" markings when they should be marked as "VOR." These headlights are correctly designed to be visually/optically aimed. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 108, "Lamps, Reflective Devices, and Associated Equipment."

**Consequence:**

If the headlights have incorrect markings, when they are replaced, the headlights may be aimed incorrectly, decreasing visibility and increasing the risk of a crash.

**Remedy:**

Truck-Lite will notify owners and will send them a "DOT VOR" label to install, free of charge. The recall is expected to begin November 12, 2018. Owners may contact International Trucks Customer Service Center at 1-800-448-7825.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
