Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

MITSUBISHI/OUTLANDER/2014-2016
MITSUBISHI/OUTLANDER SPORT/2013-2016

Mfr's Report Date: January 26, 2018

NHTSA Campaign Number: 18V-070

Components:

PARKING BRAKE

Potential Number of Units Affected: 170,354

Problem Description:

Mitsubishi Motors North America, Inc. (MMNA) is recalling certain 2014-2016 Outlander and 2013-2016 Outlander Sport vehicles. Water may enter the rear brake calipers causing the parking brake actuator shafts to corrode and possibly bind.

Consequence:

If the parking brake actuator shaft binds, the parking brake may not engage or disengage fully. If the parking brake does not engage properly, the vehicle may move unexpectedly if it is parked on a slope, increasing the risk of a crash.

Remedy:

MMNA will notify owners, and dealers will inspect the rear brake calipers and replace the parking brake boot and lever or the brake caliper body, as necessary. Dealers will also replace the piston assembly of the rear brake caliper. These repairs will be performed free of charge. The recall is expected to begin March 27, 2018. Owners may contact MMNA customer service at 1-888-648-7820. MMNA's number for this recall is SR-18-002.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
