Makes/Models/Model Years:

MICRO BIRD/T-SERIES/2015-2018

Mfr's Report Date: February 8, 2018

NHTSA Campaign Number: 18V-101

Components:

SEAT BELTS
SEATS

Potential Number of Units Affected: 210

Problem Description:

Corp. Micro Bird Inc. (Micro Bird) is recalling certain 2015-2018 T-Series transit buses. These vehicles are equipped with at least one three-place seat that has Type 1 (lap belt) seat belts. In the event of a crash, the seats or seat belt attachments may not remain secured to the floor. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 210, "Seat Belt Assembly Anchorages," and number 207, "Seating Systems."

Consequence:

If the seat or seat belt attachments fail in the event of a crash, the seat occupants have an increased risk of injury.

Remedy:

Micro Bird will notify owners, and dealers will install a modification kit to keep the seat and seat belt assembly anchored, free of charge. The recall is expected to begin April 2, 2018. Owners may contact Micro Bird customer service at 1-819-477-2012. Micro Bird's number for this recall is 18-073-TUS.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

We have received Micro Bird's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
