Please review the following information to ensure that it conforms to your records as this information is being made available to the public. FOREST RIVER/CHEROKEE/2017-2018

Mfr's Report Date: March 21, 2018

NHTSA Campaign Number: 18V-186

Components:

EQUIPMENT:RECREATIONAL VEHICLE

Potential Number of Units Affected: 448

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2017-2018 Forest River Cherokee recreational trailers, models CCKT16BF, CCKT16BHS, CCKT16FQ, CCKT16GR, CCKT16GRH, CCKT17RP and CCKT18TO. These vehicles are equipped with Norcold N306 mini refrigerators that may have a loose or missing propane gas valve test port screw, allowing propane to leak out when the refrigerator is used in 'gas' mode.

Consequence:

A propane leak increases the risk of a fire.

Remedy:

Forest River will notify owners, and Norcold dealers will install and tighten the gas valve port screw, as necessary, free of charge. The recall is expected to begin May 17, 2018. Owners may contact Forest River customer service at 1-260-499-2100, or Norcold customer service at 1-800-543-1219. Forest River's number for this recall is 51-0687.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
