Subject: Water Leak at Front of Vehicle

Dear Ms. Shute:

This letter serves to acknowledge Chrysler (FCA US LLC)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
ALFA ROMEO/STELVIO/2018

Mfr's Report Date: March 29, 2018

NHTSA Campaign Number: 18V-205

Components:
EQUIPMENT:ELECTRICAL

Potential Number of Units Affected: 12,595

Problem Description:

Chrysler (FCA US LLC) is recalling certain 2018 Alfa Romeo Stelvio vehicles. Water may leak into the body control module and its connectors, causing corrosion. This corrosion can cause illumination of one or more malfunction indicator lamps, a loss of windshield wiper function, a loss of exterior lighting, a loss of horn function and/or unintended turn signal activation.

Consequence:

Electrical malfunctions such as windshield wipers that may not work in the rain and lights that may not work at night increase the risk of a crash.

Remedy:

Chrysler will notify owners, and dealers will install additional sealing protection to prevent water from entering the body control module and its connectors. The recall is expected to begin May 18th, 2018. Owners may contact Chrysler customer service at 1-800-853-1403. Chrysler's number for this recall is U36.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

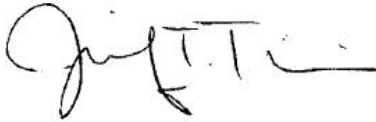

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at (202) 366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
