Subject: Loose or Missing Refrigerator Gas Valve Screws

Dear Mr. Mihalick:

This letter serves to acknowledge KZRV, L.P.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

KZRV/SPORTSMEN CLASSIC/2018

Mfr's Report Date: April 3, 2018

NHTSA Campaign Number: 18V-212

Components:

EQUIPMENT:RECREATIONAL VEHICLE

Potential Number of Units Affected: 55

Problem Description:

KZRV, L.P. (KZRV) is recalling certain 2018 KZRV Sportsmen Classic recreational trailers, models 130RB and 150RBT. These vehicles are equipped with Norcold N306 mini refrigerators that may have a loose or missing propane gas valve test port screw.

Consequence:

The loose or missing propane gas port screw can allow propane gas to leak when the refrigerator is used in 'gas' mode, increasing the risk of a fire.

Remedy:

KZRV will notify owners, and dealers will install and tighten the gas valve port screw, as necessary, free of charge. The recall is expected to begin June 1, 2018. Owners may contact KZRV customer service at 1-800-768-4016 extension 154 or 153. KZRV's number for this recall is KZ-2018-02.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received KZRV's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

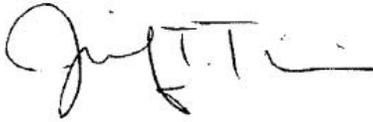

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
