Dear Mr. Forghieri:

This letter serves to acknowledge Automobili Lamborghini's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

LAMBORGHINI/CENTENARIO/2017

Mfr's Report Date: April 17, 2018

NHTSA Campaign Number: 18V-244

Components:

EQUIPMENT:OTHER:LABELS
SUSPENSION

Potential Number of Units Affected: 11

Problem Description:

Automobili Lamborghini (Lamborghini) is recalling certain 2017 Lamborghini Centenario Coupe and Centenario Roadster vehicles. The certification label on these vehicles may have an incorrect weight limit, which can cause the vehicle to be overloaded. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Consequence:

An overloaded vehicle may increase the risk of suspension or tire failure, increasing the risk of a crash.

Remedy:

Lamborghini will notify owners, and dealers will install a corrected certification label, free of charge. The recall is expected to begin May 4, 2018. Owners may contact Lamborghini customer service at 1-866-681-6276. Lamborghini's number for this recall is L73XR0118.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Lamborghini's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
