Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Makes/Models/Model Years:

FORD/F-650 SD/2018
FORD/F-750 SD/2018

Mfr's Report Date: May 15, 2018

NHTSA Campaign Number: 18V-319

Components:

PARKING BRAKE

Potential Number of Units Affected: 151

Problem Description:

Ford Motor Company (Ford) is recalling certain 2018 Ford F-650 and F-750 vehicles equipped with hydraulic brakes. The parking brake cable may not have been adjusted properly, which may result in unexpected vehicle movement. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 105, "Hydraulic and Electric Brake Systems."

Consequence:

For vehicles equipped with a transmission that does not have a 'Park' position or a transmission that has a 'Park' position but the transmission lever is not placed in 'Park', an improperly adjusted park brake cable could result in unintended movement of the vehicle, increasing the risk of a crash or injury.

Remedy:

Ford will notify owners, and dealers will correct the parking brake cable adjustment, free of charge. The recall is expected to begin May 21, 2018. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 18C05.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Ford's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
