Dear Mr. Fronckowiak:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FORD/EDGE/2018
LINCOLN/MKX/2018

Mfr's Report Date: September 11, 2018

NHTSA Campaign Number: 18V-612

Components:

LATCHES/LOCKS/LINKAGES:DOORS:LATCH

Potential Number of Units Affected: 503

Problem Description:

Ford Motor Company (Ford) is recalling certain 2018 Ford Edge and Lincoln MKX vehicles. These vehicles may have door striker bolts that are shorter than intended. Vehicles with shorter door striker bolts fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 206, "Door Locks and Door Retention Components" potentially resulting in the doors opening in the event of a crash.

Consequence:

If the doors open in the event of a crash, there is an increased risk of injury.

Remedy:

Ford will notify owners, and dealers will replace the door striker bolts, free of charge. The recall is expected to begin October 15, 2018. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 18C06.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

We have received Ford's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
