Description of Noncompliance :

Description of the Noncompliance : On certain 2018 model Geo / Matrix G280TB and Geo 293RK Travel trailers manufactured by Gulf Stream Coach, Inc. ("Gulfstream") the Recreational Vehicle Data Sheet. (Federal Certification Label) does not contain the correct information with regards to the (Kg) Kilogram weight rating of the secondary axle. All other information for both the front and rear axles are correct regarding the GAWR for both axles, and the Kg rating of the front axle.

FMVSS 1 : 567 - Certification

FMVSS 2 : NR

Description of the Safety Risk : The Kg rating only of the rear axle [second axle] is understated by 182 Kg [401.31 lbs.] The numeric rating of the rear axle of 4400 lbs. as posted is correct. Relying on the Kg rating only would be under the rating of the rear axle, and therefore would not pose as a safety risk.

Description of the Cause : The information regarding the trailers Kg rating of the rear axle was inadvertently entered into the program [typographical error] which is used to generate the Federal Identification Label.
