Subject	ACCESSORY SAFETY RECALL: Centerstand, '16-'17 CRF1000L/LD Parts Return Request						

Honda is launching a SAFETY RECALL on the Honda Genuine Accessory Centerstand for 2016-2017 CRF1000L/LD motorcycles for a potential defect that may cause the centerstand to detach from the motorcycle. A detached centerstand increases the risk of a crash and can create a road hazard to other roadway users, or may cause a motorcycle parked on the centerstand to fall over.

All dealers with affected accessory inventory must not sell or install the affected parts. Make sure to remove the affected part number from any internet parts advertising by your dealership. Updated parts are currently not available for purchase from American Honda.
