IMPORTANT SAFETY RECALL
NHTSA Recall Campaign #18V-073

Dear Valued Dealer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has decided that certain Model Year 2018 Eagle 320RLTS(EB), 338RETS(ED) and 330RSTS (EA) travel trailers, fail to conform to the requirements of Canadian Motor Vehicle Safety Standard No. 120, "Tire selection and rims and motor home/recreation vehicle trailer load carrying capacity information for motor vehicles with a GVWR more than 4,536 kilograms (10,000 pounds)".

Due to a data entry error, the Gross Vehicle Weight Rating (GVWR) was noted as 11,750 lbs. on the Federal Certification label, when the affected trailers were manufactured with a GVWR of 11,700 lbs. and the carrying capacity information noted on the yellow Cargo Carrying Capacity (CCC) was also incorrect. This error could allow consumer to inadvertently overload the trailer which may lead to drivability issues, causing a crash.

Our records show the following unit is affected by this Recall and must have the recall remedy performed **prior** to leaving your Dealership. The corrected Federal Label and Cargo Carrying Capacity (CCC) label are enclosed with this notification.

UNIT SERIAL NUMBER

Dealer Campaign Responsibility

Federal law requires that all units in your inventory be repaired prior to delivery to a customer. **If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. In addition, please register the unit by submitting the Warranty Registration information to Jayco.**

If you have any questions, please contact Jayco Customer Service at 800-283-8267 for further instructions.

We certainly regret this inconvenience; however our Customer's safety is our most important priority.

Sincerely,
Jayco Towable Division
