**IMPORTANT SAFETY RECALL**  
**NHTSA RECALL CAMPAIGN # 18V-074**

---

Dear Valued Dealer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Highland Ridge RV (Highland) has decided that certain Model Year 2018 Open Range Light, 312BHS (TN) travel trailers fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 110, "Tire selection and rims and motor home/recreation vehicle trailer load carrying capacity information for motor vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or less".

Due to data entry error, the Gross Axle Weight Rating (GAWR) was noted as 5100 lb. on the Federal Label when the affected travel trailers were manufactured as specified with an 4400 lb. axle. All other information on the original Federal label is correct. The incorrect GAWR may lead to inadvertent overloading of the trailer which would exceed the GVWR. Exceeding the noted GVWR may cause structural issues with the travel trailer, resulting in the tires to wear prematurely, increasing the risk of a crash.

Our records show the following unit is affected by this Recall and must have the corrected label placed on the unit **prior** to leaving your Dealership. The correct label is enclosed with this notification.

*Serial number.....*

**Dealer Campaign Responsibility**

**Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. In addition, please register the unit by submitting the Warranty Registration information to Highland.**

If you have any questions, please contact Highland Customer Service at 260-768-7771 for further instructions.

We certainly regret this inconvenience; however our Customer's safety is our most important priority.

Sincerely,  
Highland Ridge
