Dear «Dealer_name»,

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2018 Keystone Hideout, Passport, Summerland Travel Trailers, 2018 Dutchmen Aspen Trail, Coleman Travel Trailers, and 2018 Crossroads Zinger Travel Trailers. As a result, Keystone RV is conducting a safety recall.

***Reason for
this recall***

It has been decided that the vehicles in the recall population have a Norcold N306 refrigerator (mini refrigerator) with a gas valve test port screw that may be loose or missing. When using the Norcold mini refrigerator on “Gas” mode if the test port screw is loose or missing propane gas can leak from the gas valve. If propane gas leaks during use it can be ignited, leading to an increased risk of personal injury and/or property damage. The vehicles included in the recall are:

Model Year & Make	Models	Serial Number Range
2018 Keystone Hideout	175LHS, 177LHS, 178LHS, 185LHS	JW248996- JW250803

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. **Important:** If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery. The unit VIN(s) our records indicate are presently in your inventory or have been sold are as follows:

-- Serial numbers with ‘*’ have been retail sold --

Claims for the units which have been serviced must be submitted. Claims submitted will be used by Keystone to record recall service completions and provide dealer payments.
