Manufacturer Certification label upgrade Lamborghini Centenario MY 2017

Dear valued Lamborghini Sales and Service Manager,

In the course of continuous product monitoring and internal tests, Automobili Lamborghini S.p.A. has determined that a non-compliance existing on Model Year 2017 Centenario Coupè and Roadster vehicles.

The affected vehicles might be equipped with a Manufacturer Certification label that lists an incorrect weight limit. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567.

If the listed weight limit is incorrect stated on the label, the vehicle may be overloaded exceeding the vehicle weight rating that could lead to vehicle instability increasing the risk of an accident.

The vehicle weight limit shown on the safety certification label is incorrectly specified as 4630 lbs., with front axle weight limit as 2205 lbs. and the rear axle weight limit as 2535 lbs. The correct values should read for Coupè and Roadster versions as follows:

Centenario Coupè

Vehicle weight limit: 4519 lbs.

Front axle weight limit: 2050 lbs.

Rear axle weight limit: 2491 lbs.

Centenario Roadster

Vehicle weight limit: 4630 lbs.

Front axle weight limit: 2094 lbs.

Rear axle weight limit: 2535 lbs.

For all the reasons listed above, these vehicles must therefore be upgraded with the correct label.

The instructions for upgrading the vehicles are available on the Lamborghini Dealer Portal section "Service and Recall Campaigns".

In order to further support you in answering questions to your customers, we are attaching the FAQ (Frequent Asked Question) you must follow to. Since these activities are extremely important, we are confident you will make every effort to ensure that the vehicles are upgraded in the shortest time possible.

The time line dates for this recall are listed below:

- Customer notification starting from May 25th;
- Part ordering starting from May 25th.
