

IMPORTANT SAFETY RECALL

**Safety Recall: 18V-286 2018-240
June 2018**

Dear Valued Dealer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has decided that a defect, which relates to motor vehicle safety exits in certain Model Year 2018 Eagle HT fifth wheels equipped with the optional MorRyde 16K Orbital Pin box.

Our records show the following unit is affected by this recall and is currently part of the inventory at your Dealership. The Recall Remedy must be completed on this unit prior to delivery.

Serial number

Reason for this recall

The bearing in the pin box is not properly seated. Over a period, the spindle could fatigue and break and increase the risk of a crash causing personal injury and /or property damage.

If the pin box is currently **in the rotation mode**, it must be locked out and pin box returned to the standard transport mode until the Recall Remedy is complete.

If the pin box is currently being used as a standard pin box, no precautions are required prior to the completion of the Recall Remedy. **DO NOT ENGAGE THE ROTATION MODE BEFORE THE RECALL REMEDY IS PERFORMED.**

Recall Remedy

Install a metal spacer to prevent the metal -to -metal contact and allow the bearing to be seated properly.

***All pertinent information regarding this recall is available under the Service and Parts Tab of our Website.
If you require further assistance, please Contact Jayco Customer Service at 800-283-8267.***

What we need you to do

Federal Law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall, and register the unit by submitting the Warranty Registration Information.

We certainly regret this inconvenience; however, our Customer's safety is our most important priority.

Sincerely,
Jayco
