

SAFETY RECALL NOTICE

Manufacturer's assigned campaign number: **ACG-RC2018-02**
NHTSA Recall ID: _____

To all ACG vehicle dealers:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

ACG, Inc. has decided that certain **2016 - 2017 Model Year MOKE LSVs**, fail to comply to Federal Motor Vehicle Safety Standard No. 500 "Low Speed Vehicles".

Accordingly, a recall to address this issue is being initiated effective June 1, 2018.

The noncompliance involves possibly missing Rear Side Red Reflexes, this reduces the visibility of the vehicle. Without rear reflex side marker, the Low Speed Vehicle would have decreased visibility to other drivers, increasing the risk of a crash.

2016 or 2017 **ACG MOKE LSV** may have noncompliance with Federal Motor Vehicle Safety Standard No. 500 because a Rear Side Red Reflex may have fallen off the vehicle.

Owners will be notified by mail about the recall and will be instructed to bring their **ACG MOKE LSV** for inspection to their local ACG dealer.

There is no cost to owners for this recall.

You as ACG vehicle dealer will inspect the vehicle free of charge.

If Rear Side Red Reflex replacement is determined to be required, it will be replaced free of charge in about one hour, and the vehicle can be driven immediately after the replacement is completed.

Replacement Rear Side Red Reflexes will be provided to your dealership free of charge, and you will be reimbursed for the inspection and/or Reflex replacement at standard Warranty Labor Rates. (1 hour for replacement and inspection, or 1/2 hours for inspection only, if it is determined that Rear Side Red Reflex has been installed correctly and therefore replacement is not required).

Please be reminded that it is a violation of Federal law for you to sell or lease the 2016 or 2017 **ACG MOKE LSVs** covered by this notification until this recall has been performed on these vehicles.

Substantial civil penalties apply to violations of this law.
