## **New Safety Recall Advanced Communication – U58**

FCA US LLC (FCA US) has announced a safety recall on certain 2018 model year (JC) Dodge Journey vehicles.

VINs identified as being involved in this campaign are currently live and searchable.  
**Stop sale is in effect for the above-identified vehicles.**

Vehicles impacted by a stop sale are eligible for reimbursement allowance through the Recall Floorplan Reimbursement Policy (RFPRP), which can be requested upon recall claim submission.

**IMPORTANT:** Some of the involved vehicles may be in dealer new vehicle inventory. Federal law requires you to complete this recall service on these vehicles before retail delivery. Violation of this requirement by a dealer could result in a civil penalty of up to \$21,000 per vehicle. Involved vehicles can be determined by using the VIP inquiry process.

### **REASON FOR THIS SAFETY RECALL**

Some of the above vehicles may have been built with a rear view mirror display where cautionary message text may obstruct a small part of the required field of view in backup camera display until 2.75 seconds after REVERSE is selected, resulting in a partially obstructed required field of view for .75 of a second. A temporarily reduced or diminished rear visibility when the cautionary message text is present in the display could lead to increased risk of injury to people outside of the vehicle in the event the driver does not check surroundings through traditional means.

The condition described above does not comply with Federal Motor Vehicle Safety Standard FMVSS No. 111, Rear Visibility, requires that a specified field of view is displayed within two seconds of selecting REVERSE on the transmission.

### **SERVICE ACTION**

FCA US will conduct a voluntary safety recall to replace the rearview mirror in affected vehicles. Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in 3<sup>rd</sup> Quarter of 2018.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.
