

**U86 Safety Recall (Low Brake Pedal) Parts Allocation and Dealer Ordering Update**By **Mopar** on Thursday, September 13, 2018

## U86 SAFETY RECALL - LOW BRAKE PEDAL PARTS ALLOCATION & DEALER ORDERING UPDATE

Mopar has been directly allocating brake fluid to support dealer service business for the U86 campaign - Low Brake Pedal. However as of September 11<sup>th</sup>, 2018 direct allocation stopped and is now available for dealer ordering on a 36 in 7 day restriction. Part number is 04318080AD.

Owner notification letters began mailing August 29<sup>th</sup>, 2018 so please ensure your service teams are prepared to schedule appointments and execute vehicle repairs within a timely manner. Customers should not be turned away due to dealer placing priority parts or repairs on unsold units. It is recommended customer appointments are scheduled within 7 days.

Please follow the link [HERE](#) to review "Tech Road Blocks and Customer Scheduling Guide", where Tips and Best Practices are shared for dealer service departments to operate more efficiently. As a reference, the [Mopar Service Capacity Guidebook](#) can be located in both Service Smarts and Mopar Dealer Site.

**FCA appreciates your support!**
