To: All General Motors Dealers

Regarding safety recall 18279, to support U.S. dealers over the Labor Day holiday weekend, GM has arranged with Kem Krest, the hydraulic brake fluid ship-direct supplier, for part orders received by 6:00 PM today (Friday, August 31st) to be shipped to dealers for over-night delivery tomorrow (Saturday, September 1st), while supplies last, where available. Any orders received after 6:00PM EDT today will not be delivered until Tuesday, September 4th.

Please order as a "CSO" order type with "Saturday Delivery" noted in the comments field. Listed below are the involved GM part numbers and the corresponding ACDelco part number.

Dot 3 Hydraulic Brake Fluid
19353126 - US (ACDelco 10-4110)

Dot 4 Hydraulic Brake Fluid (Regal Only)
19299570 - US (ACDelco 10-4086)

Note that each box contains 24 bottles of brake fluid and 1 bottle is required per vehicle to complete the brake bleed procedure. All orders are being shipped via FedEx Priority Overnight.
