Subject	STOP SALE NOTICE: 2018 CRF250L Wire Harness Inspection/Replacement						

September 10, 2018

Re: STOP SALE NOTICE

Dear Honda Dealer:

Honda is launching a SAFETY RECALL on certain model year 2018 CRF250L motorcycles to inspect and, if necessary, replace the wire harness, which may have been damaged during the manufacturing process. A damaged wire harness could result in loss of electrical power to various circuits. As a result, a loss of critical lighting or engine power could occur without warning, which increases the risk of a crash.

Effective September 10, 2018, YOU MUST NOT SELL any affected NEW or USED 2018 CRF250L motorcycle unless it is inspected and, if necessary, repaired.

AFFECTED UNITS

Certain 2018 CRF250L motorcycles

(CRF250LA (ABS type) and CRF250RL/RLA (Rally) are not affected)

- To search for applicable recalls on a specific unit, you must use *Unit Information* on *iN*.
- To manage your affected inventory, you must use *eResponsibility Report*.

Honda will deny warranty claims for repairs on vehicles not affected by this recall.

PARTS INFORMATION

Remedy parts information is forthcoming.

SERVICE BULLETIN

Service Bulletin CRF250L #1, which includes the affected VIN range, inspection procedure, parts information, as well as warranty claim information, will be posted by September 11.

Make sure all departments in your dealership are aware of this action.

If you have any questions, please contact AHM TechLine through TechLine Connect on *iN* or contact your District Service Manager.

Sincerely,

American Honda Motor Co., Inc.
Motorcycle Division

Bulletin #: 18-0276
