

MAZDA DEALER EMAIL

February 15, 2019

Attention: Mazda General, Parts and Service Managers

Subject: *IMPORTANT NOTICE* Safety Recall 2818I - 2009-2010 Mazda6
Front Cross Member Corrosion Concern - Spray Gun and Regulator
2nd Shipment

Earlier this week, Mazda shipped a Cavity Wax Spray Gun and air pressure regulator to the remaining Mazda dealers that had not yet received these tools. The spray gun should arrive early next week. This will allow dealers to review the instructions and procedure in order to prepare for applying the cavity wax to the front cross member of those Mazda6 vehicles that pass an inspection.

The instructions for the spray gun and regulator, as well as the repair procedure for the cavity wax application have been uploaded to MGSS.

If you have any questions regarding this communication and request, please contact Dealer Recall Help on the MXConnect > Warranty page.

Protect What is Important to You

Sincerely,

Akira Ikemoto
Director, Technical Services Division
Mazda North American Operations
