REF #: ICI18-040

Effective: 12/15/18

Release: 12/14/18

SUBJECT: FL799 – Interim Recall Notice

This letter is to inform you that an Interim Recall Notice was sent to affected customers for upcoming recall *FL799 ~ Honeywell Brake Light Pressure Switch*. The interim notices were mailed on December 15, 2018, and a copy is attached for your convenience.

This notice is for informational purposes only. There is no action for customers or dealers to take at this time. If customers inquire, please refer them to the Interim Recall Notice and let them know the recall will begin when all preparations are completed.

If you have questions or need further information, contact the Warranty Campaigns Department by submitting an inquiry through the WSC Link on DTNAConnect.

The information contained in this letter supercedes and supplements any related policies and procedures in any previously released bulletins, the Warranty Manual, and/or previously released letters. Failure to read or distribute this letter will not exempt addressees from compliance with the information contained herein.

IMPORTANT SAFETY RECALL

See enclosed VIN list.

Subject: Honeywell Brake Light Pressure Switches

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC (DTNA), on behalf of its Freightliner Trucks Division, has decided that a defect which relates to motor vehicle safety exists on specific Freightliner Cascadia vehicles manufactured March 8, 2016, through June 30, 2017.

On certain vehicles, the brake lights may remain on after the release of the brake pedal. While the brakes lights are on, with additional service brake application, the intensity in brake lights would not change and would not signal to other motorists the intent of the driver to slow the vehicle, potentially leading to an increased risk of a crash.

This is the first of two notices you will receive regarding this subject. This letter is to inform you of an upcoming Recall to correct the issue noted above. Daimler Trucks is currently validating the repair and securing replacement parts. There is no action for you to take at this time.

The second notice will inform you when the final remedy is available. **When you receive the second notice**, please contact your authorized Daimler Trucks North America dealer to schedule the Recall for your vehicle.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days.

If you have questions about this Recall, please contact the Warranty Campaigns Department at (800) 547-0712, 7:00 a.m. to 4:00 p.m. Pacific Time Monday through Friday, e-mail address DTNA.Warranty.Campaigns@Daimler.com, or the Customer Assistance Center at (800) FTL-HELP after normal business hours. If you are not able to have the defect remedied without charge and within a reasonable time, you may wish to submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the Vehicle Safety Hotline at (888) 327-4236 (TTY: 800-424-9153); or to <http://www.safercar.gov>.

We regret any inconvenience this action may cause but feel certain you understand our interest in motor vehicle safety.

Avis de rappel intermédiaire
Transport Canada n° 18-575**

RAPPEL IMPORTANT LIÉ À LA SÉCURITÉ

Consultez la liste de NIV ci-jointe.

Objet : manoccontacteur des feux de freinage Honeywell

Cet avis vous a été envoyé conformément à la Loi sur la sécurité automobile du Canada.

Au nom de sa filiale à part entière Freightliner Trucks Division, Daimler Trucks North America LLC (DTNA) a déterminé qu'une défectuosité reliée à la sécurité des véhicules motorisés existe sur certains véhicules spécifiques Freightliner Cascadia construits entre le 29 juin 2016 et le 30 juin 2017.

Sur certains véhicules, il est possible que les feux de freinage restent allumés après le relâchement de la pédale de frein. Si les freins de services sont appliqués tandis que les feux de freinage sont allumés, l'intensité des feux de freinage ne change pas et ne signale pas aux autres automobilistes que le conducteur a l'intention de ralentir le véhicule, ce qui peut entraîner une augmentation du risque d'accident.

Ceci est le premier de deux avis que vous recevrez à ce sujet. Le but de cette lettre est de vous informer d'un rappel à venir pour corriger le problème mentionné ci-dessus. Daimler Trucks effectue actuellement la validation de la réparation et prépare la fourniture des pièces de rechange. Vous n'avez pas d'action à prendre pour l'instant.

Le deuxième avis vous informera quand le remède final sera disponible. **Lorsque vous recevez le deuxième avis**, veuillez contacter votre concessionnaire autorisé Daimler Trucks North America, afin de prendre les dispositions nécessaires pour le rappel de votre véhicule.

Si vous n'êtes pas le propriétaire du ou des véhicules dont les numéros d'identification apparaissent sur l'avis de rappel, veuillez retourner l'avis au Service des campagnes de garanties avec tous les renseignements dont vous disposez qui pourraient nous aider à identifier le propriétaire actuel. Le loueur est également tenu par la loi fédérale de faire parvenir cet avis au locataire dans les 10 jours. Si vous êtes un fabricant secondaire, la loi fédérale exige que vous fassiez suivre cet avis à vos distributeurs et détaillants dans les cinq ouvrables.

Si vous avez des questions à propos de ce rappel, ou avez besoin de plus de renseignements, veuillez communiquer avec le Service des campagnes de garantie au 1-800-547-0712 entre 7 h et 16 h, heure du Pacifique, du lundi au vendredi, envoyer un courriel à DTNA.Warranty.Campaigns@Daimler.com, ou appeler le Centre d'assistance à la clientèle au 1-800-FTL-HELP (1-800-385-4357) après les heures normales de bureau.

Nous sommes désolés pour tout inconfort pouvant résulter de cette activité, mais nous sommes certains que vous comprenez notre intérêt dans la sécurité des véhicules motorisés.
