SUBJECT: Commencement Request Of A6B424 (KIZASHI) Vehicle Safety Recall Campaign For Fuel Tank Crack

Dear Sirs and Madams,

This letter is to request of you to commence the remedy work in the safety recall campaign which were previously announced with the notification letter CY-181029 issued on Oct. 29, 2018 for A6B424 (Kizashi) vehicles as remedy have gotten determined. This letter also provides detail information relate to the remedy work, part supply and reimbursement. Please notify your government or entity of the commencement of the recall as needed.

We appreciate your support and cooperation to accomplish all required actions.

1. Condition

A canister suction filter (hereinafter suction filter) is installed between the suction pipe inlet and the carbon canister, to prevent sand and other extraneous material from entering the carbon canister. The suction filter is installed in a location such that the sand or other extraneous material cannot be discharged after it enters the suction pipe inlet and can gradually accumulate in the suction pipe and suction filter, restricting air flow.

2. Action

Please order remaining necessary parts immediately and perform the remedy work following repair instructions of ANNEX2.

3. Affected Vehicles

- (1) Model : A6B424 vehicles produced in Japan.
- (2) Production Period : From Oct. 13, 2009 through Oct. 31, 2012
- (3) Number of Vehicles : 21,063 units in US territories
 20,455 units in US main land

Remarks: The affected vehicle range for this recall fully covers for 99-VG recall that was announced by our letter of VG-140725. And this recall supersedes the remedy action for 99-VG recall. Therefore you do not have to perform 99-VG recall any more even if it has not been completed.

4. Parts supply plan

- (1) Fuel tank, cap set and canister have been shipped out according to your initial order.
- (2) Initial Order for pipe set, air suction: Please fill in following information on ANNEX3 and send it to your window person of SMC Overseas Service Dept. by May 31, 2019.
- Distributor Name
 - Parts Distributor Code : 7 digit
 - Order Number
 - Shipping Method : Air
 - Order Quantity : Allocated number will be indicated by your window person separately

Note:

- If your order Quantity is more than 21pcs, the order quantity should be multiple numbers of 21, because parts will be handled as one case set of 21 pcs

For 2WD model
