Re: *Additional WTW-82/WUD-89 Combi Meter Re-programmer*

A second re-programmer tool has been auto shipped to each retailer. Check RPM > Order inquiry for PN 85009AL000 to determine your order status.

A QMR is no longer required to order a replacement re-programmer. Contact the PIC hotline with a request to release the part number below. Release is subject to available supply and reasonable quantities requested.

85009AL000 – WTW-82/WUD-89 Combi Meter Re-programmer

Old or damaged programmers are no longer required to be returned to Subaru of America, Inc.
