

IMPORTANT SAFETY RECALL

January 15, 2019

NHTSA ID#: 18V-831

Dear Maserati Dealer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Maserati S.p.A. and Maserati North America, Inc. (“MNA”) have decided that a defect that relates to motor vehicle safety exists in certain MY 2014 and 2015 Maserati Quattroporte vehicles, equipped with the V6 and V8 engines, as well as MY 2014 and 2015 Maserati Ghibli vehicles equipped with the V6 engine.

Maserati S.p.A. and MNA have decided that the suspect vehicles are included in this safety recall due to a fuel pipe defect. The fuel pipe lines may have been damaged by foreign particles present during fuel line production and assembly that may have scratched the inside of the fuel line eventually leading to a fuel leak. Leaking fuel may, in certain circumstances and in the presence of an ignition source, lead to a fire. A fire can result in increased risk of occupant injury and injury to persons outside the vehicle.

The remedy is to replace the fuel line assemblies in the affected vehicles. The remedy will be performed free of charge to the vehicle owner. We will, of course, reimburse you for the labor necessary to carry out this recall campaign. The necessary components for this recall are currently available to Dealers, and owners will be directed to call their Dealers for repairs.

Maserati dealers must ensure recalls are completed after having been notified by MNA that a safety-related defect or noncompliance exists in any motor vehicle or item of replacement equipment in the dealer’s possession at the time of notification. In MNA’s case, this notification would typically be made by the issuance of a recall notification in the form of a Technical Bulletin.

IMPORTANT SAFETY RECALL

Under the National Traffic and Motor Vehicle Safety Act of 1966, as amended, if a recall campaign is announced by MNA, **dealers must ensure that all recalls on new vehicles and new items of replacement equipment are completed BEFORE delivery to the consumer. This means that dealers may not legally deliver new motor vehicles or new items of replacement equipment to consumers with an open recall.**

The **Safety Act** also prohibits dealers from selling or leasing the motor vehicle or item of replacement equipment, unless and until the open recall has been completed BEFORE delivery.

Under the terms of the Certified Pre-Owned (“CPO”) program, CPO vehicles with an open recall may not be sold or delivered to the consumer.

Finally, MNA dealers **should not sell or use parts that have been recalled by MNA.** Please follow the specific instructions provided by MNA on the return or disposition of the parts.

Obviously, if you have any of the affected vehicles in your stock, you must not sell them until you have performed the necessary repairs on the vehicle. If you have already sold any of the vehicles with the indicated VIN in the enclosed instructions and have not yet sent in the new owner information to MNA, please do so at once so we may notify these owners.

Thank you for your cooperation.

Sincerely,

Maserati Vehicle Safety and Regulatory Compliance
