This notice applies to your vehicle: «VIN»

Dear «Owner_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2018 Keystone Hideout, Passport, Summerland Travel Trailers, 2018 Dutchmen Aspen Trail, Coleman Travel Trailers, and 2018 Crossroads Zinger Travel Trailers. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

Reason for this recall

It has been decided It has been decided that the vehicles in the recall population have a Norcold N306 refrigerator (mini refrigerator) with a gas valve test port screw that may be loose or missing. When using the Norcold mini refrigerator on “Gas” mode if the test port screw is loose or missing propane gas can leak from the gas valve. If propane gas leaks during use it can be ignited, leading to an increased risk of personal injury and/or property damage.

What we will do

Keystone representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is remove the mounting screws from the front of the mini refrigerator and pull it out of the cabinet about 4 inches to expose the gas valve test port screw. Once the screw is exposed tighten it and reinstall the mini refrigerator. If the test port screw is missing one will need to be installed. The service and parts required for this corrective action will be provided at no charge to you.

What we need you to do

As soon as possible, please make an appointment to have your RV serviced by your dealership. The labor time to perform this correction is approximately 1 hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair.
