### NHTSA Recall 18V-153

Dear Nissan 370Z Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain Model Year 2018 Nissan 370Z vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 214, "Side Impact Protection," and 226, "Ejection Mitigation." Our records indicate that you own or lease the Nissan vehicle identified by the VIN on the inside of this notice.

#### Reason for Recall Motivo del Retiro

Your vehicle may have been equipped with a driver-side curtain air bag assembly that may have been installed incorrectly during production. More specifically, the curtain air bag fabric may have twisted during installation, which could potentially prevent or reduce proper curtain inflation during deployment in the event of a crash. If this condition occurs, it may increase the risk of injury in a crash where driver-side curtain air bag deployment is warranted.

#### What Nissan Will Do Qué Hará Nissan

Your Nissan dealer will inspect the driver-side side curtain air bag, and if it is installed incorrectly, it will be repositioned. This free service should take around two (2) hours to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

#### What You Should Do Qué Debes Hacer
