IMPORTANT SAFETY RECALL

See enclosed VIN list.

Subject: Western Star Power Cable Studs

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC (DTNA), on behalf of its wholly owned subsidiary, Western Star Truck Sales, has decided that a defect which relates to motor vehicle safety exists on Western Star 4700, 4900, 5700, and 6900 model vehicles manufactured October 18, 2016, through February 6, 2018.

On certain vehicles, the bulkhead pass through power stud with an attached gasket seal may not protrude through the bulkhead adequately. If improperly installed, the power stud may contact the bulkhead, resulting in potential arcing, which may increase the risk of a fire.

For the final remedy, the bulkhead pass through power stud will be inspected and replaced as needed.

This is the second of two notices regarding this recall. The repair is available and parts have been secured. **If you had the interim repair performed, your vehicle still requires the final repair.** Please contact an authorized Daimler Trucks North America dealer to arrange to have the recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at www.Daimler-TrucksNorthAmerica.com. On the menu tab, select "Contact," scroll down to "Find a Dealer," and select the appropriate brand. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days. If you have paid to have this recall condition corrected prior to this notice you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.
