# IMPORTANT SAFETY RECALL

## Rear Liftgate Water Intrusion

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [2018 Alfa Romeo Stelvio] vehicles.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The rear liftgate on your vehicle <sup>[1]</sup> may experience deficiencies in the sealing and water management system in the rear liftgate applique and rear tail lamp that can result in water intrusion and subsequent corrosion in wiring connectors in the rear liftgate wiring harness and the liftgate-opening switches. This corrosion may result in an unintended activation and opening of the rear liftgate door at vehicle speeds up to 3.1 MPH (5 km/h). **An unintended activation and opening of the rear liftgate door may result in a loss of unrestrained cargo. Lost cargo may create a road hazard and could cause a following vehicle to crash without prior warning.**

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will install additional sealing protection to prevent water intrusion for the rear liftgate wiring connectors and switch. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is two hours. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.
