## IMPORTANT SAFETY RECALL

May 2018

NHTSA Recall 18V-221

This notice applies to your vehicle:

Dear

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

### WHAT IS THE REASON FOR THIS NOTICE?

Honda has decided that a defect which relates to motor vehicle safety exists in certain 2018 model year Pilot and Ridgeline vehicles. The driver and front passenger seats were assembled with improperly manufactured rivets used to secure the seat slide rail frame to the vehicle floor. In the event of a crash, the rivets can break and allow the front seat(s) to separate from the vehicle floor, increasing the risk of injury to the seated occupant.

### WHAT WILL HONDA DO?

The dealer will replace the driver and front passenger seat slide rail frames for free.

### WHAT SHOULD YOU DO?

Please call any authorized Honda dealer and make an appointment to have your vehicle repaired for free. Once you make an appointment to repair your vehicle, be advised that the complete repair process may take approximately 2 hours 45 minutes. However, your dealer can provide you with a better estimate of the overall time for this service visit, as it may be necessary to make your vehicle available for a longer period of time. If you are not the only driver of this vehicle, please advise all other drivers and passengers of this important information!
