

IMPORTANT SAFETY RECALL

NHTSA Recall No. 18V256

This notice applies to your vehicle: SVG

Your Vehicle Identification Number (VIN): [REDACTED]

[REDACTED]

[REDACTED]

Dear Supreme Truck Body Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Supreme Corporation has decided that a defect exists which relates to motor vehicle safety in certain model year 2013-2017 Kold King truck bodies. Our records indicate that your vehicle(s) identified above may be affected. Supreme is conducting a safety recall to address this condition.

What is the Issue?

Due to insufficient weld penetration it is possible the floor frame rail could become detached from the structural crossmembers. Detachment of the floor frame rail could lead to the body separating from the chassis causing injury or property damage.

What Should You Do?

Please contact Supreme at (844) 352-4921 or recall@supremecorp.com. You will be referred to an approved service provider to add additional welds to the floor frame rail and crossmembers and install reinforcement gussets to the floor frame rail. This work will be done at no charge (parts and labor) to you.
