IMPORTANT SAFETY RECALL 2018070015
This notice applies to your vehicle, VIN: [REDACTED]
Replace Oil Dipstick
NHTSA Recall # 18V272

August, 2018

2018070015

Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler AG ("DAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2012-2017 GLE-Class, GLE-Coupe Class, GLS-Class vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the CONCERN?

DAG determined that on certain ML, GLE, GLE Coupe, GL, and GLS-Class vehicles (166, 292 platform) with the Active Curve System ("ACS"), if the oil level is below minimum, the oil in the ACS's oil reservoir could leak out of the oil reservoir through the vent holes in the sealing cap of the oil dipstick. In such case, the oil could leak onto hot engine components which could increase the risk of a fire.

What will your DEALER DO?

An authorized Mercedes-Benz dealer will replace the oil dipstick on the affected vehicles. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be less than **30 minutes**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

What should YOU DO?

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.
