IMPORTANT SAFETY RECALL

Transmission Park Lock Rod

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [2018 Model Year (LX) Chrysler 300, (LD) Dodge Charger, (LA) Dodge Challenger, (WK) Jeep® Grand Cherokee, (WD) Dodge Durango, (JL) Jeep®Wrangler, (DS) RAM 1500 Pickup] vehicles.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The automatic transmission on your vehicle ^[1] may have been built with the incorrect park rod. An incorrect park rod in the transmission may not allow the vehicle to reach the mechanical "PARK" position although the gear select indicator may display the "PARK" position. **A loss of "PARK" may lead to vehicle rollaway, and may result in a vehicle crash or injury without prior warning.**

WARNING: Never use the PARK position as a substitute for the parking brake. Always apply the parking brake fully when parked to guard against vehicle movement and possible injury or damage. Refer to your owner's manual for additional information regarding proper parking brake usage.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will replace the park rod. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is four hours. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.
