

IMPORTANT SAFETY RECALL

This notice applies to your vehicle (VIN: ZFFXXXXXXXXXXXXXXXXX).

RC 61 / NHTSA 18V-381

Dear [Mr. John Doe],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ferrari has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2012 458 Italia, 458 Spider, California, and FF vehicles equipped with a passenger-side front airbag manufactured and supplied by Takata Corporation. We want to assure you that your safety is our priority, and we are committed to correcting this condition in your vehicle.

Takata has reported that the passenger side front airbag could explode in vehicles involved in an incident in which the frontal airbags deploy. This risk is due to propellant degradation which may occur after long-term exposure to high temperatures, high absolute humidity and high temperature cycling causing the inflator to explode in deployment. Sharp metal fragments may pass through the airbag striking vehicle occupants, leading to serious injury or death.

Our records show that you are the owner of a vehicle affected by this recall.

IMPORTANT – CONTACT YOUR DEALER TODAY

The National Highway Traffic Safety Administration (NHTSA) and the impacted vehicle manufacturers, including Ferrari, are prioritizing Takata airbag repairs to ensure that vehicles with airbags that pose a higher risk to safety are fixed first while simultaneously working to ensure that parts are available to repair every affected vehicle as quickly as possible. Based on NHTSA’s criteria, your vehicle has been selected for this recall.

Final replacement airbags are now available in your area. Please make an appointment with your nearest dealer to have the FREE repair performed on your vehicle.

Please contact your Ferrari dealer at this time and make an appointment to have this repair performed.
