Dear «Owner_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2018-2019 Keystone Cougar Fifth Wheels and Travel Trailers. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for
this recall***

It has been decided that the vehicles in the recall population have an outdoor propane grill installed with clearances that are no longer within the grill manufacturer’s specified tolerances to combustible material. Under certain conditions when using the outside propane grill it is possible for the wood assembly the grill is installed in to be exposed to elevated temperatures leading to an increased risk of fire.

***What we
need you to
do***

As soon as possible, please make an appointment to have your RV serviced by your dealership. The labor time to perform this correction is approximately 1 hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair.
